Technical Data Sheet

## BEST MEETING

Designer: Z Design Team

Best is the combination of all best features that an office chair must have. This office chair that can be made with mobile or fixed leg for different purposes can optionally be equipped with an armrest. Being the modern and coherent picture with metal legs and fabric upholstery, Best falls with any space thanks to its ideal dimensions.

### DESCRIPTIONS

---

#### METAL STRUCTURE

It is a star base with 5 legs made of Q21mm metal tube with a wall thickness of 1,5 mm formed in special moulds and coated with electrostatic oven coating.

Metal base is surface-coated with 90 micron-thick sprayed rough-textured electrostatic powder coating.

Metal tube legs are one piece with Q70mm tube and 170x170mm metal sheet, to which seat is mounted.

#### UPHOLSTERY

It is made of a monoblock body with fabric or artificial leather upholstery on polyurethane bulk sponge of 55-60 kg/m<sup>3</sup> formed in special moulds.

5 mm and 10 mm transmission rod and metal sheet bars of 20x5mm and 20x3 mm are used in polyurethane inner metal frame.

#### ACCESSORY

Wheels are caster wheels with a diameter of 50mm and made of hard plastic with 11 mm grip ring.

#### AREA OF USE

Best Meeting is designed for offices, hospitals, schools and new workspaces.

#### DESIGNER / COLLECTION

Best Meeting was designed by Z Design Team. It was designed for 2022/2023 collection.
