Technical Data Sheet

## SOLE COFFEE TABLE GROUP

Designer: Alp Nuhođlu

The Sole Coffee Table Group brings modern lines into your spaces with its geometric shapes and linear leg design. With its melamine-coated body and metal legs, it provides a balanced material harmony in your room. The geometric design and linear legs add both movement and balance to the space.

### EXPLANATIONS

---

#### STRUCTURE

The metal legs are made from metal profile material in the sizes of Q25x1.5 mm and Q19x1.5 mm.

The connection between the tabletop and the metal legs is ensured by welding 10x10 mm metal lamellas onto the metal legs.

All metal parts are coated with a 90-micron thick textured (pebbled) electrostatic powder paint.

#### TABLETOP

The tabletop is made from E1 quality particle board, with both sides melamine-coated and protected on all four edges by 1 mm thick impact-resistant PVC edging.

The color selection for the tabletops is available in all melamine colors and veneer options from the Zivella Color Catalog.

#### ACCESSORIES

Feet: The parts of the legs that contact the floor feature Q25 mm internal fit plastic caps made from hard polypropylene plastic.

#### USAGE AREA

The Sole Coffee Tables are designed for executive offices, meeting rooms, workspaces, and common areas.

#### DESIGNER / COLLECTION

The Sole Coffee Table Group was designed by Alp Nuhođlu for the 2021/2022 collection.

#### MATERIAL LIBRARY

Zivella; you can access the wood, metal, fabric, and faux leather library using the QR code below.
