

MILA HOME OFFICE DESK

Technical Data Sheet

MILA HOME OFFICE DESK

Designer: Adnan Serbest

Mila offers functional solutions to your home office working environments with its adaptable design and dimensions. Mila also provides storage options such as cabinets and pedestals to meet your organizational needs, maintaining the same comfort at home that you expect from an office environment.

DESCRIPTION

METAL STRUCTURE

The metal legs are made from 25x25x1.5 mm metal profiles. A welded tabletop connection part made from 5 mm thick DKP steel is attached to the top of the metal legs, produced using CNC laser cutting.

All metal parts are coated with a 90-micron thick textured (pebbled) electrostatic powder paint. They can be painted in any static color from the Zivella Metal Color Chart.

WOODEN STRUCTURE

The desk top, modesty panel, and separator are made from 25 mm thick, melamine-coated particle board.

The desk top, modesty panel, and separator can be produced in all colors and patterns from the Zivella Particle Board Color Chart.

ACCESSORIES

The desk top, modesty panel, and separator are connected to each other using Minifix, plastic dowels, and screws.

The desk top and legs are connected to each other using wood screws attached to the metal sheets on the legs.

Height-adjustable plastic bingo feet are used on the bottom of the metal legs where they make contact with the floor.

USAGE AREA

The Mila Home Office Group is designed for workspaces in home and office environments.

DESIGNER / COLLECTION

The Mila Home Office Group was designed by Adnan Serbest for the 2022/2023 collection.

MATERIAL LIBRARY

Zivella; you can access the wood, metal, fabric, and faux leather library using the QR code below.
