

# MIO SINGLE DESKS

Technical Data Sheet

# MIO SINGLE DESKS

Designer: Klan Studio & Z Design Team

Designed with the most harmonious combination of metal and wood, Mio offers a desk surface that soothes with its simplicity and useful storage options, making it easier to focus in your workspace.

## DESCRIPTION

---

### METAL LEGS

The desk legs are made from aluminum material, shaped using an injection production method in special molds.

Mio single desks offer storage solutions for different needs, categorized into three types based on the legs. In desks with side-unit legs and three-legged single desks, short legs made from aluminum material using injection molding are used. Thanks to the side-unit legs, Mio storage group products can be integrated into the desks. They can be painted in any static color from the Zivella Metal Color Chart.

### METAL FRAME

The frame is made from 50x30x1.5 mm DKP steel sheets, shaped in special molds. It can be painted in any static color from the Zivella Metal Color Chart.

### DESK TOP

The desk top is made from 18 mm thick, melamine-coated particle board.

The desk top can be produced in all colors and patterns from the Zivella Particle Board Color Chart.

### ACCESSORIES

Feet: Height-adjustable plastic feet, shaped in special molds, with a Q60 diameter and chrome detailing.

### ELECTRIFICATION

The metal cable channel and metal separator are produced as a single unit from 1.5 mm thick DKP steel, formed with CNC bending. It is coated with electrostatic oven paint.

### USAGE AREA

Mio Single Desks are designed for workspaces in homes and offices.

### DESIGNER / COLLECTION

The Mio Product Group was designed by Klan Studio & Z Design Team for the 2022/2023 collection.

### MATERIAL LIBRARY

Zivella; you can access the wood, metal, fabric, and faux leather library using the QR code below.
