

TAV COFFEE TABLE GROUP

Technical Data Sheet

TAV COFFEE TABLE GROUP

Designer: Z Design Team

With its sharp-edged leg design, the Tav coffee table group livens up its simple surface. Available in various sizes, Tav easily fits into executive offices as well as large waiting areas.

EXPLANATIONS

METAL LEGS

The metal legs are made from 40x10 mm metal box profiles, connected to the tabletop using a 5 mm thick DKP steel sheet.

All metal parts are coated with 90-micron thick textured (pebbled) electrostatic powder paint.

The metal parts can be painted in any static color from the Zivella Metal Color Catalog.

WOODEN TABLETOP

Veneered Tabletop: The veneered tabletop is made from 18 mm thick MDF, covered with a wood veneer.

To protect the wooden surface from external factors and ensure long-lasting use, 3 layers of polyurethane filler varnish are applied, followed by 2 layers of polyurethane matte varnish.

Melamine Tabletop: The melamine tabletop is made from 18 mm thick particle board, coated with melamine on both sides.

FEET

The feet are fixed plastic caps, produced via plastic injection molding, and mounted by fitting into the 40x10 mm profile.

USAGE AREA

The Tav Coffee Table Group, with melamine and veneered options, is designed for indoor spaces such as executive offices, meeting rooms, workspaces, and common areas.

DESIGNER / COLLECTION

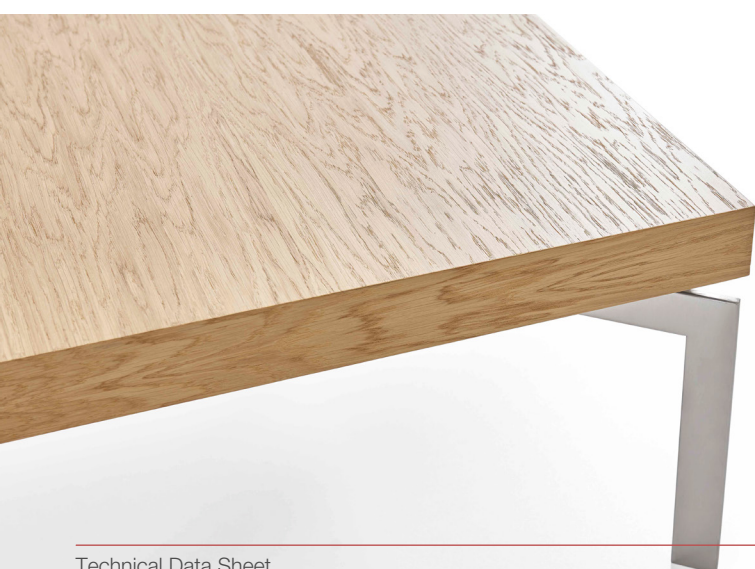

The Tav Coffee Table Group was designed by Z Design Team for the 2022/2023 collection.

MATERIAL LIBRARY

Zivella; you can access the wood, metal, fabric, and faux leather library using the QR code below.
