

LENTA EXECUTIVE GROUP

Technical Data Sheet

LENTA EXECUTIVE GROUP

Designer: Z Design Team

We combined soft forms, natural materials and colors for a user-friendly working environment. Lenta product group perfectly meets many needs of the work places, highlighting the space with its original, eye-catching design.

DESCRIPTION

METAL STRUCTURE

The desk structure is made from 50x30x1.5 mm metal profiles. The metal structure is electrostatically powder-coated, with all metal parts coated in 90-micron thick textured (pebbled) powder paint.

TABLETOP

The desk tabletop is made from 25 mm thick, melamine-coated particle board of E1 quality, with 1 mm thick PVC edging on all four sides to protect against impact.

The open shelves of the side unit are made from 8 mm raw MDF, lacquer-coated.

The tabletop organizer is made from 30 mm raw MDF, machined using CNC and finished with lacquer.

The tabletop color selection can be made from all melamine colors and veneer options in the Zivella Color Chart.

WOODEN LEGS

The legs of the desk and side unit are made from 1st-class kiln-dried solid ash wood.

For the finish, 3 layers of polyurethane filler varnish are applied, followed by 2 layers of polyurethane matte varnish for the final coat.

ELECTRIFICATION

For the desk's electrification solution, Hafele brand components are used, which include: 1 x 220V socket, 1 x USB-A (12V, 2.8A), 1 x USB-C (12V, 3A)

ACCESSORIES

Plastic nail feet are used under the legs to prevent contact with the floor.

Hafele brand internal spring hinges, both soft-closing and non-soft-closing, are used on the side unit doors.

The drawer slides are 40 cm deep, soft-closing telescopic slides. The handles are recessed and made from plastic material.

USAGE AREA

The Lenta Executive Group is designed for indoor spaces, such as workspaces.

DESIGNER / COLLECTION

The Lenta Executive Group was designed by Z Design Team for the 2022/2023 collection.

MATERIAL LIBRARY

Zivella; you can access the wood, metal, fabric, and faux leather library using the QR code below.
