Inspired by coffee beans, the Capulus product family brings dynamism to work and waiting areas with its minimalist design. It meets various needs with versions that include or exclude a side table.

Capulus

With its comfortable seating and a variety of color options, Capulus offers a simple solution for spaces such as lobbies, hospitals, and shared work areas. Inspired by the coffee beans from which it takes its name, it also complements enjoyable break moments.

Capulus Accessories

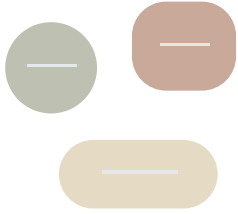

The Capulus product family, available in various shapes and sizes, brings a sense of spaciousness to spaces with its minimalist design, while its melamine tabletop option offers a sleek and functional solution.

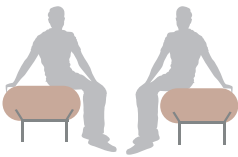

Combining its linear design with different color options, Capulus becomes a symbol of dynamism in the spaces where it is placed. Its elegant leg structure and solid seating provide a strong and reliable feel, while its soft contours create a sense of balance.
