

PLAN BOOKSHELF

Technical Data Sheet

PLAN BOOKSHELF

Designer: Z Design Team

Plan fulfills all the functions expected of it in spaces where executives spend most of their time, conduct numerous meetings, host guests, and resolve crises.

EXPLANATIONS

METAL STRUCTURE

The product's metal structure is made from Q22 mm diameter DKP round tubes and 10x10 mm metal flat bars. The metal structure of the product consists of two modules. Q6 mm diameter solid metal rods are used as the shelf dividers in the product. All metal parts are coated with a 90-micron thick textured (pebbled) electrostatic powder paint.

WOODEN STRUCTURE

The shelves of the product with code PLK34631S are made from E1 quality particle board, with both sides melamine-coated, and all four edges protected with 1 mm thick impact-resistant PVC edging. The shelves of the product with code PLK34631 are made from 18 mm thick MDF with a natural wood veneer.

CABINETS

The tabletops of the two cabinets located on the bookshelf shelves are made from 18 mm thick lacquered MDF material. Each cabinet door has two hinges, one of which has a soft-closing mechanism. The cabinets of the product with code PLK34631S are made from E1 quality particle board, with both sides melamine-coated, and all four edges protected with 1 mm thick impact-resistant PVC edging.

ACCESSORIES

Feet: Plastic butterfly-shaped feet, injection molded with a Q21 mm diameter inner fit, are used.

USAGE AREA

The Plan Bookshelf is designed for executive offices, study rooms, meeting rooms, and similar workspaces.

DESIGNER / COLLECTION

The Plan Bookshelf was designed by Z Design Team for the 2022/2023 collection.
