

SMILE

Technical Data Sheet

SMILE

Designer: Klan Studio

Smile armchairs, with its vivid and comfy design, seek to promote a mood of well-being and provide comfort in waiting rooms with headrest and headrestless versions.

DESCRIPTIONS

METAL STRUCTURE

The metal framework of the legs is made of a 30x10 mm metal profile. The connection of the legs with the body is made with 5 mm-thick CNC-cut DKP sheet metal.

A rotating metal mechanism with a position protector is used on the legs.

WOODEN STRUCTURE

The legs are made of solid ash wood on a metal structure.

UPHOLSTERY

The back, headrest, and seat section are made of polyurethane cast sponge. The product with the code BRK2031 includes a headrest.

ACCESSORY

At the place where the product comes into contact with the ground, a polygrip shoe made of hard plastic material with nails is used.

ACCESSORY

Smile Armchairs are designed for interiors such as executive rooms and waiting areas.

DESIGNER / COLLECTION

Smile Armchairs was designed by Klan Studio. It was designed for 2024/2025 collection.
