

TO-LINE EXECUTIVE CHAIR

Technical Data Sheet

TO-LINE EXECUTIVE CHAIR

Designer: Z Design Team

The To-Line Executive Chair is designed to perfectly fit your body with adjustable headrests and arm supports. Its ergonomic design improves efficiency and provides a comfortable working experience.

DESCRIPTION

BASE

Star Base: Made from impact and scratch-resistant hard plastic material, the 5-point star base is durable and sturdy.

MECHANISM

Mechanism: A double-arm tilt mechanism with 3 separate reclining positions, which can be locked, and adjustable height and tension.

Gas Lift: A conical coupling system is used between the base and mechanism, allowing the chair to be fixed at the desired sitting height. The lift is imported, class 4 gas.

SEAT

The seat is made of polyurethane foam with a molded shape, placed on the plastic cover formed using injection molding. The seat depth is adjustable, providing comfort and functionality. It is upholstered with black fabric.

BACKREST

The backrest is made from black plastic material, molded through injection. The backrest is height adjustable and upholstered with black mesh fabric. An ergonomic lumbar support, made of plastic material, is provided for additional comfort.

HEADREST

The headrest is made of polyurethane foam, upholstered with black fabric, and is adjustable in height for better support.

ARMRESTS

The armrests are height adjustable using a button, and can move forward, backward, left, and right. The armrest pads are made from polyurethane, with a durable polypropylene plastic material. The armrests are designed to be impact and scratch-resistant.

ACCESSORIES

Wheels: Made from hard plastic, the chair uses 60mm diameter swivel wheels.

USAGE AREA

The To-Line Executive Chair is designed for use in executive offices, workspaces, and professional environments.

DESIGNER / COLLECTION

The To-Line Executive Chair was designed by Z Design Team for the 2024/2025 collection.
